### ABOUT SUSIEROSE:

Hi, I'm Nicki, the owner of SusieRose Hair and Makeup Services. I have been working in hair and makeup for 15 years now, and have worked in all areas from bridal, celebrity, red carpet and events to commercial, television and film!

The reason behind the business name is quite simple; it is named after my late mother Susan, who supported my dreams and encouraged me throughout the many hair and makeup schools I've attended and is the reason I managed to make a career from my dream!

SusieRose is a hair and makeup business built on pure love and passion for what I do. I live to make people feel the best they can in their big moment and nothing brings me more joy than listening intently to what you really want out of our session and watching you glow from the inside out when that is brought to life for you!

I am very lucky in that over the years I have met and learnt from some of the greatest artists in the industry, and that also means I have been able to hand pick my team of assistants who may join me for some of the bigger or earlier Bridal and party bookings and I can trust them 100% to not only produce results of the highest standard, but bring the best vibes to your Wedding morning!

You can find info on these incredible artists under the "meet the team" tab on my website. I am so grateful to you for considering me for your special day and I hope to meet you soon!
